Mission

The mission of the Springdale Together On Prevention Coalition is to develop community partnerships to provide resources and opportunities to empower and educate Springdale youth and their families to prevent substance use and promote a healthy and safe environment for our youth.

Coalition members are truly invested grassroots community members that are coming together to make a difference. They represent a broad group of people across many sectors including parents, school, youth, businesses, prevention, law enforcement, civic groups, and local government, among others.

The Coalition meets the third Tuesday of every month from 10:00 – 11:30 am at the Springdale Community Church. Every month members share a potluck snack/meal during the meeting.

Programs

Springdale Together On Prevention Coalition

Provide opportunities for pro-social involvement, education and awareness, as well as positive social marketing.

Strengthening Families Program

This class will teach family management skills and improve communication among parents and youth regarding standards for behavior and expectations about not using alcohol.

Student Assistance Specialist

The SAS plays an important role within the school district by providing the best practice substance abuse prevention curriculum Life Skills, in addition to providing early intervention support services.

WDFY

Social norms marketing program in middle and high school that recruits youth to promote alcohol, tobacco, and other drug-free behavior. Mary Walker Schools have a chapter and advisors. Youth submit to UA's and receive rewards for clean results.

Town Hall

Town event to educate communities about underage drinking and to mobilize them around preventing teen use.

Policy Review & Development

S.T.O.P. will bring together school administration and local enforcement to bridge the gap between school policy and law enforcement efforts.
